Message from Mrs Campbell

What an exciting week: we send our congratulations to Miss Gibbs and her partner on the birth of their daughter. The baby, who looks absolutely beautiful, was born early this morning and both mum and daughter are well. The children were so thrilled to hear the news and we are all looking forward to seeing them soon. Miss Gibbs is now on maternity leave for a short while and we know that she is looking forward to hearing how the children are getting on with their new topics.

Please remember that we are proud of our uniform and ask that the children dress smartly and take pride in their appearance.

Have a lovely weekend.

There have recently been a couple of cases of head lice identified in school. While lice are nothing more than a nuisance, it is important that children are checked on a weekly basis so that any head lice can be dealt with quickly and before they can be allowed to spread.

As there have been a couple of cases, we would ask you to check your child's head as soon as possible. Please follow the simple routine below to ensure that you are doing all you can to keep head lice outbreaks to a minimum.

CHECK

- Your child's hair once a week
- Use a proper detection comb to trap head lice.
- If you find live lice, consult a pharmacist for treatment advice immediately.
- If head lice are spotted, take a close look at the hair of all the family.

TREAT

- Please treat your child with a clinically proven treatment.
- Leave the treatment on for the recommended time for maximum effect.
- Repeat the treatment for a second time seven days after the original treatment to kill any eggs that may hatch after the first treatment.
- Check that all head lice have gone within two to three days of the final application of head lice treatment to complete the process.
- Continue to check for head lice on a regular, weekly basis.

For further information on head lice please see your pharmacist or visit www.nhs.uk/conditions/head-lice.

Spanish Club News

This Week Spanish Club cut the Roscon de Reyes cake. The **Roscon de reyes**, also known as the crown of kings, is a **Spanish** broche with Mediterranean flavors prepared in honor of the feast of Epiphany. It is served the night before or the morning of "Reyes" or Epiphany, which is January 6th. "Dia de Reyes" or simply "Reyes" is the day when children in Spain receive gifts from the "Reyes Magos"-Wise Men or Magi. The 3 kings who brought baby Jesus gifts. Instead of gifts from Santa Claus, they receive them from the "Reyes Magos."

It is traditional to put several surprises inside the "roscon." A porcelain figure and a dry bean are hidden in the dough. Whoever finds the porcelain figure will have good luck and be the king of the party, but if you find the bean you pay for the cake! This year Thea won the figure and Ella won the bean! Luckily she didn't have to pay for our cake!
