Dear Parents / Carers and children in Year 6,

We miss you!

This is our second Year 5/6 information about homework whilst we are closed.

As before, Maths work can be accessed through Mathletics, TT Rock Stars and Numbots – if your child has forgotten their login details please email adminassistant@leverton.essex.sch.uk or admin@leverton.essex.sch.uk and these will be given to you. We have allocated lots of work so that you can practise many different aspects of maths. We have not allocated anything that we have not taught in Year 6. Additionally, there are a couple of new sheets on Arithmetic and Reasoning.

Reading should be daily. We have added five comprehensions for you to look at. Think carefully about the vocabulary because if you learn what these mean, these words will really improve your writing.

Most importantly, we want you to say safe; read books; learn (carefully) to cook; take a walk with a family member; make a tower out of something; send a digital card to someone in a care home or a member of your family; and if you are lucky enough to have any Lego, look up the Lego Challenge.

Please find a list of the main online resources that can be used:

Mathletics

<https://login.mathletics.com/>

If you need a login reminder please email adminassistant@leverton.essex.sch.uk

Children will have assigned activities based on their year groups. Each activity has a built in online teacher, which children can click for support. They get instant feedback on their results and these will be monitored by teachers and reassigned if necessary.

TT Rock Stars

<https://trockstars.com/>

If you need a login reminder please email adminassistant@leverton.essex.sch.uk

Stay safe

Year 6 teachers.
