Reading Eggs can be used to increase fluency and skills in phonics and spelling.

## Reading

It is important to read everyday to build your skills.

## Dates

Please check the weekly newsletter for up coming dates and key information.

# Summer Term Learning

# Year 1

## English

In English we will continue to develop children's reading and writing skills. During the first half term, we will be using the book, 'Emma Jane's Aeroplane' by Katie Haworth as a focus for learning these skills. We will be learning about similes and poetry. We will also be reading and writing non-fiction texts to support our learning about the world around us.

## Maths

In Maths we will be continuing to build on our addition and subtraction skills and introducing multiplication and division. We will also be learning about fractions, time and money.

## History

We will be learning about the lives of great explorers and adventurers of the world including Captain James Cook, Captain Scott, Christopher Columbus and the Wright Brothers. We will discuss why they are significant individuals. We will plot their exploits on a timeline and use historical vocabulary relating to the passage of time. We will identify the ways in which the past is represented (e.g. photographs/paintings) and compare life then and now.

## Geography

In Geography we will learn to name the world's seven continents and five oceans. We will name them and locate them using Google Earth, globes and maps. We will focus on a country from each continent and begin to discover how people and their cultures' are different around the world.

## Science

We will be looking at the seasonal changes that happen as spring turns into summer. We will be learning to sort animals into their different groups including fish, amphibians, reptiles, birds and mammals and begin to identify which are carnivores, herbivores and omnivores.

## Art and Design

We will be developing our skills of drawing.

## Design & Technology

We will learn to follow recipes and combine ingredients to create different foods from around the world.

## Music

We will be learning and performing a range of songs, using our voices in different ways and learning about pulse, pitch, rhythm and tempo.

## Computing

In Computing we will be producing a talking book and illustrating an e-book.

## Physical Education

In PE we will be working on our creativity, and shape work in dance for our indoor PE. In outdoor PE we will be improving our skills in running, jumping, throwing. We will also be improving our ball game skills.
