

## TT Rockstar

Have you practised your Times Tables enough this week?

- Year 2 need to learn 2's, 5's and 10 times tables with division facts.
- Year 3 need to learn 2's, 5's, 10's, 3's, 4's and 8 times tables with division facts.
- Year 4 need to learn all times tables up to 12x12 with division facts.
- Year 5 and 6 need to revise their times tables on a regular basis to ensure they can apply them to other mathematical concepts.

## Mathletics

Mathletics is a targeted, rewarding and captivating online learning resource, which is aligned to the new curriculum. Extra Mathletics practice at home can make all the difference to your child's progress and achievements. Encourage them to achieve a weekly target of 1000 points to earn a certificate, building through bronze, silver and gold across the school year. Go for gold!

## Reading

It is important to read everyday: it is enjoyable and will help in all areas of your learning.

## Dates

Please check the weekly newsletter for up coming dates and key information.

# Summer Term Learning

# Year 4

## English

In English we will continue to develop children's reading and writing using key texts such as, 'The Butterfly Lion' by Michael Morpurgo. We will use this text to develop children's vocabulary, making their sentences more detailed including more adjectives, adverbs and description.

## Maths

We will continue to develop our Maths mastery skills in the four operations which will include reasoning and problem solving. At home, please work hard to learn your times tables and inverse operations at speed.

## History

We will be learning about the Shang Dynasty, the key aspects of the Chinese culture including dragons. and why the Great Wall of China was created.

## Geography

We will learn about the main mountains in China, locating them using an atlas. and compare them to mountains in the United Kingdom We will also look at the key features of human and physical geography in China.

## Science

We will be looking at how the seasonal changes affect the weather through two topics: sound and electricity. We will think about why we get storms in Autumn, why we get thunder and lightning, and why thunder makes a sound.

## Art and Design

We will learn about different techniques to create patterns using tie-dye.

## Design & Technology

We will learn about different artefacts from the Shang Dynasty period creating an oracle using clay.

## Music

We will be learning about rhythm, pulse and pitch. The song we will be learning is 'Blackbird' by The Beatles. We will be listening, appraising, singing and playing instruments.

## Computing

We will learn about writing for different audiences, effective searching around the Shang Dynasty and investigating different hardware.

## Physical Education

We will learn about dance, rounders/cricket, athletics and handball.
