

## TT Rockstars

Have you practised your Times Tables enough this week?

- Year 2 need to learn 2's, 5's and 10 times tables with division facts.

## Mathletics

Mathletics is a targeted, rewarding and captivating online learning resource, which is aligned to the new curriculum. Extra Mathletics practice at home can make all the difference to your child's progress and achievements.

## Reading

Try to read everyday to build your skills.

Remember to practise your phonics and spellings.

SAVING LIVES AT SEA

Summer Term  
Year 2

## Background Information on Topic

We learnt about fire in the Autumn term, now we will learn about water. Our planet is 70% oceans and seas. Men, women and children get into trouble at sea everyday. Thankfully we are protected by many kind volunteers that work (for free) throughout night and day to protect us on beaches and out at sea. Through reading the Lighthouse Keeper's Lunch, we will learn about light houses and how they work. We will delve deep into learning about how to be safe in the water and also how to keep our oceans clean. We will also learn about the forgotten world below the waves.

## Reading

Please continue to read at home with your child. Questioning what is happening, how they are feeling and do they understand the meaning of words from the book. Remember to practise your phonics.

## Key Dates for Summer Term
